ABOUT COMPANY

CHIRAG JARIWALA
Managing Director

SANADIP JARIWALLA
CEO

Kompopack is a leading manufacturer of agro-based disposable tableware and packaging solutions, committed to revolutionizing the industry with state-of-the-art, fully automated manufacturing facilities. We deliver high-quality, compostable alternatives to plastic packaging, ensuring businesses adopt eco-friendly and food-safe solutions that align with global sustainability goals.

Why Choose Sustainable Packaging?

Reduces Plastic Waste
Prevents pollution by replacing single-use plastics.

100% Compostable
Breaks down naturally within 90 days, leaving no microplastics.

Safe for Food Contact
Made from agro-waste, ensuring non-toxic, chemical-free packaging.

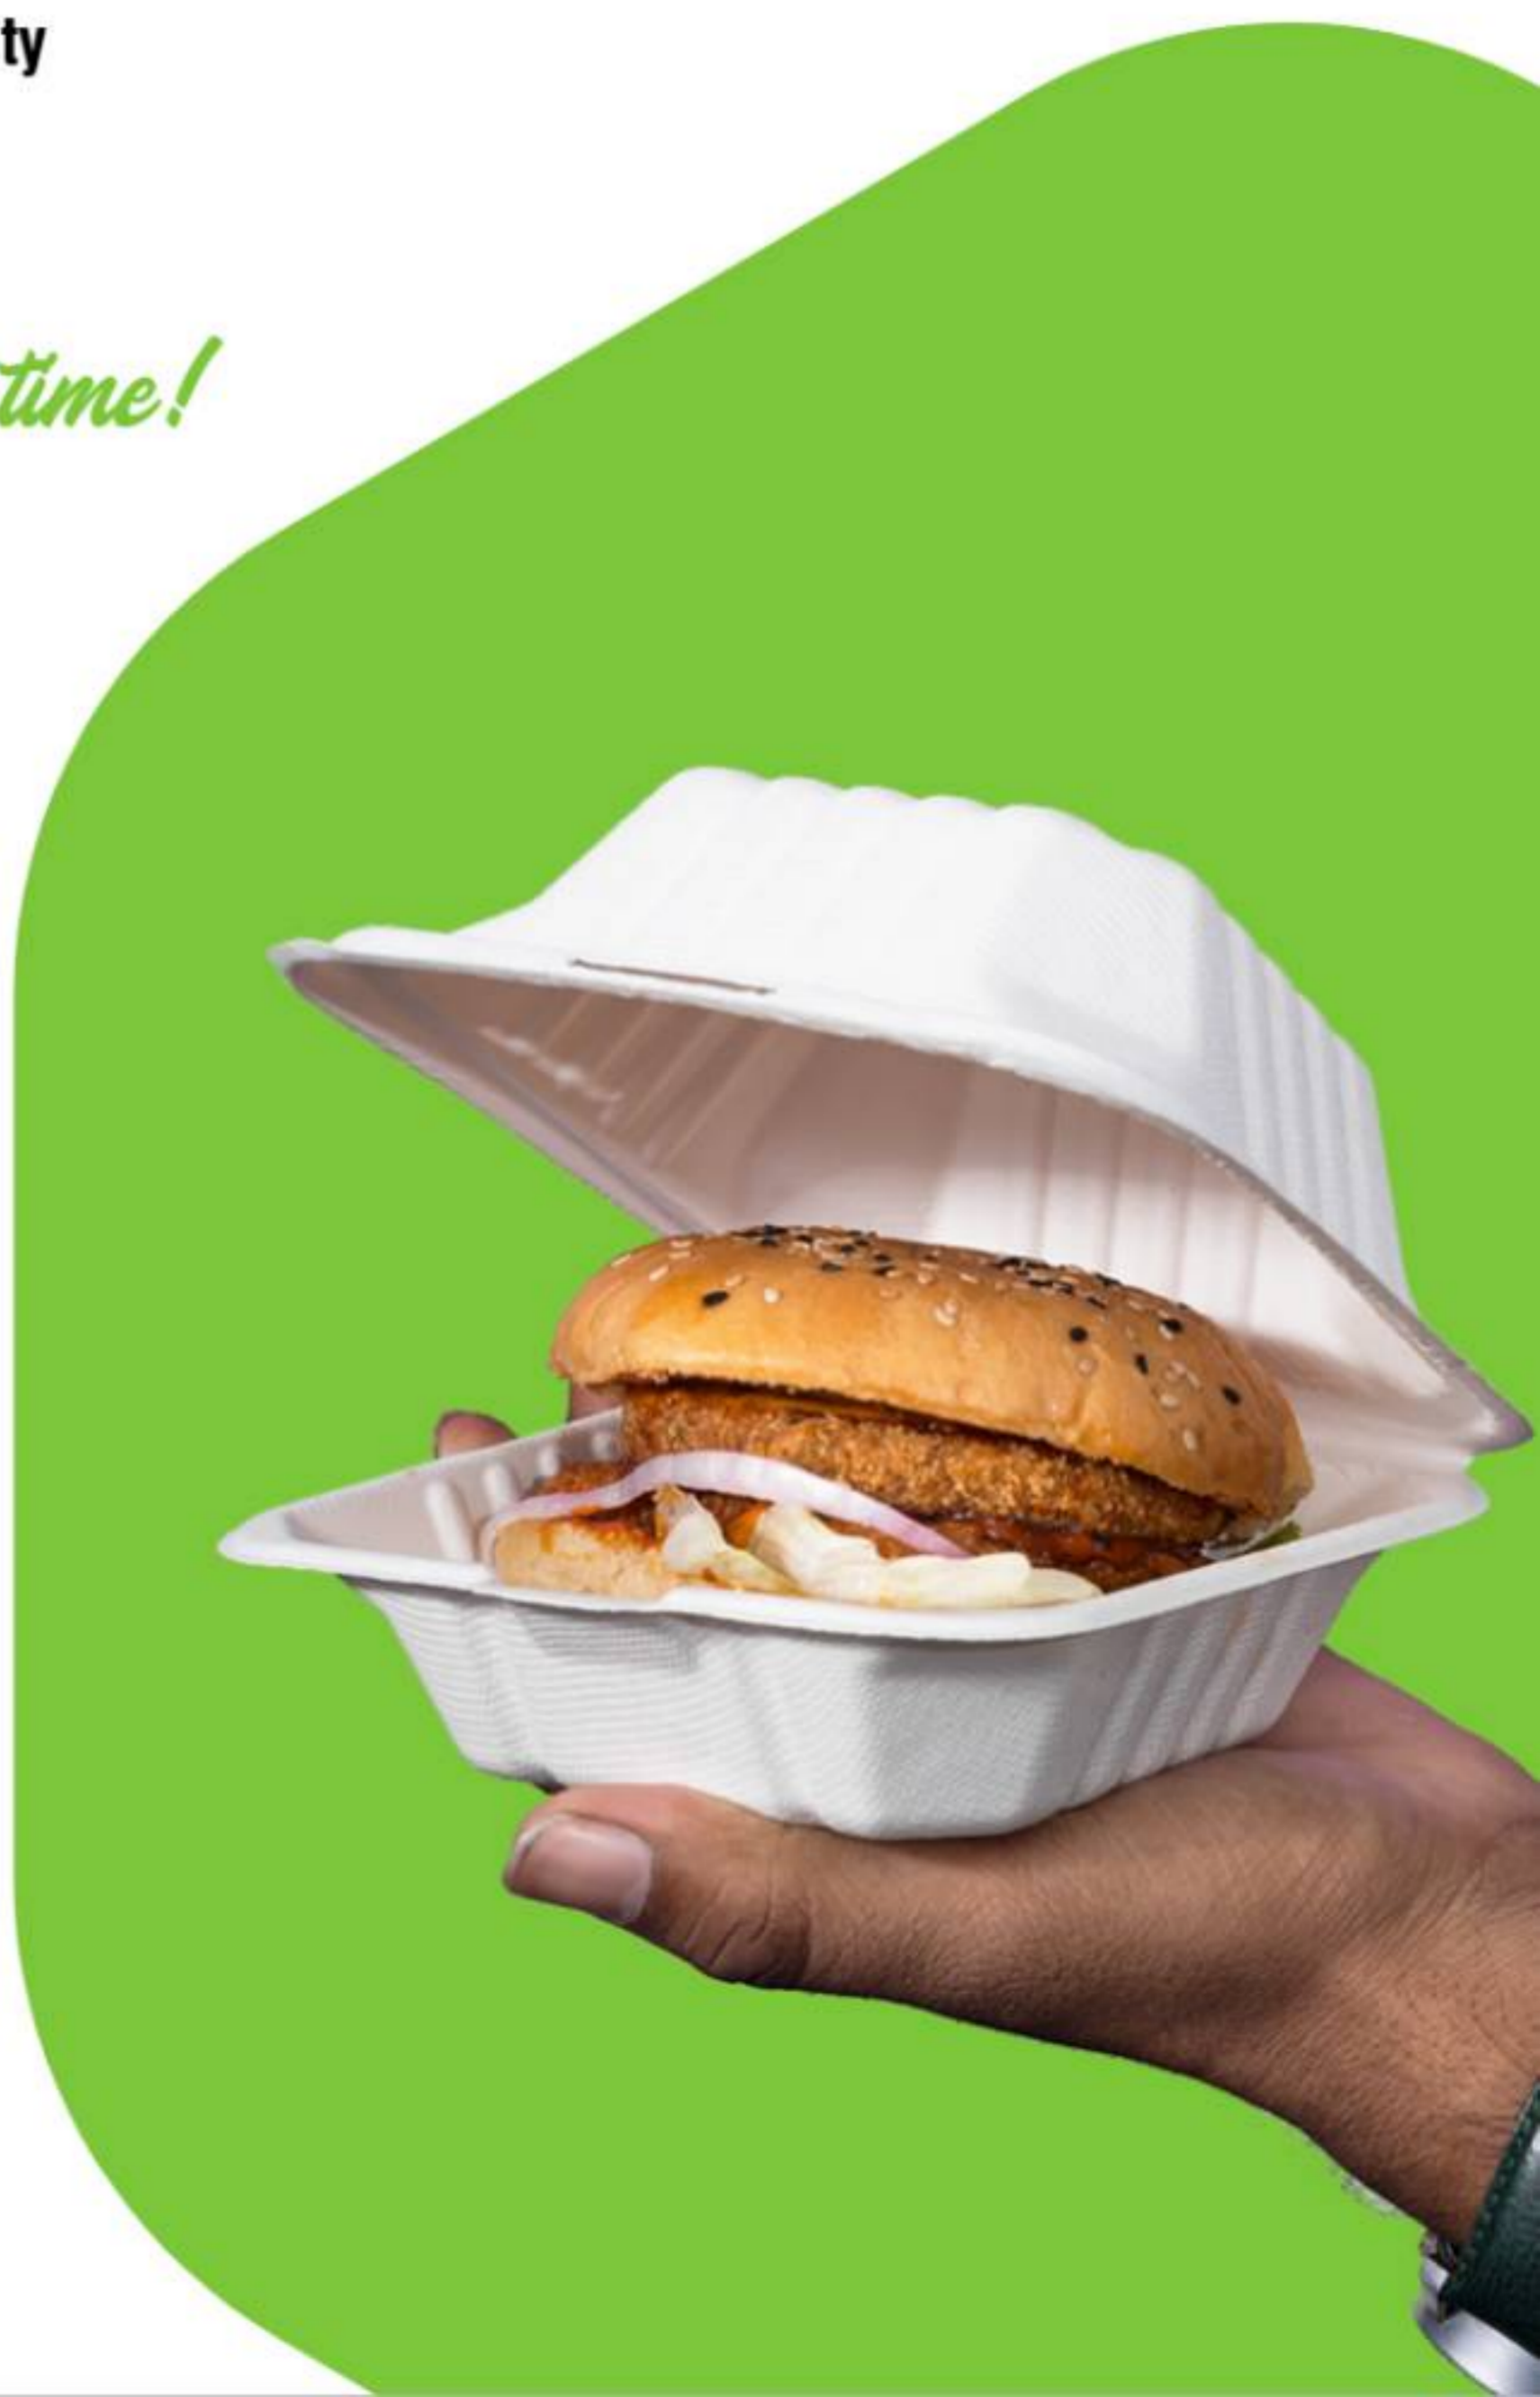

Microwave & Freezer Safe
Suitable for hot & cold food storage.

Eco-Conscious Business Choice
Aligns with global sustainability goals and regulations.

Let's create a sustainable future one package at a time!

From Nature. To Nature.
